

Demo Reel Shot List:

Weight Test – 0:10

Short clip focusing on portraying weight through animation.

Tools Used: Maya 7

I only did the animation for this clip. Model and rig thanks to The Academy of Art College.

As Good As It Gets Lip Sync – 0:09

Short lip sync focused on acting and emotion.

Tools Used: Maya 7

I only did the animation for this clip. The audio is from the movie As Good As It Gets. Model and rig thanks to The Academy of Art College.

Quark – 1:21

Short film completed for Final Project 1 class at the Savannah College of Art and Design (SCAD).

Tools Used: Maya 5, Adobe Photoshop, Adobe After Effects

I did everything for this animation. This includes modeling, animation, rendering, compositing, sound design, character design, and story.

Amadeus Lip Sync – 0:13

Short lip sync completed during an independent study at SCAD, focusing on acting and emotion.

Tools Used: Maya 6

I only did the animation for this clip. The audio is from the movie Amadeus. Model, rig, and texturing done by Josh Burton.

The Potter – about 7:00

Short film completed with five other students while at SCAD. This was a collaborative project in which I assisted both areas of direction and animation.

Tools Used: Maya 6

I only did the animation for these shots. Model, rig, and texturing done by Josh Burton.
